Jim-- Thanks for the letter. I met with John Hanson in NYC, and I think we'll work well together. Our trustees saw no reason not to give NEAS the benefit of an exclusive representation, so we're getting a contract ironed out. Sounds like the Bud account is somewhat in question... I hope that gets straightened out. If nothing else happens, at least we won't be any worse off than last year. Maybe John has something up his sleeve that will come through by Sept?! We haven't run into any major difficulties yet in our 1st summer... just praying that the weather stays OK. Only one question-- what is the Ivy sec'y-treasurer's full name, and what's the status of a reimbursement of a Mag penalty to WPRB? Hear from ya soon.

-David Kurman
